Current Topics in Nutrition
NUT 011
Aug 01-Sep 09

TBA | MW 10:00a.m.-11:15a.m. | Instructor: The Staff

The course covers the foundations of nutrition science, including an exploration of current applications and controversies in nutrition with special focus on areas relevant to college students. Students read scientific journal articles and write summaries, as well as give brief oral presentations. Topics change to reflect current interests and issues.
